Wine To Water is a 501(c)(3) non-profit aid organization focused on providing clean water to needy people around the world. Nearly one billion people in the world today lack access to adequate water and 2.5 billion people lack access to improved sanitation. Wine to Water is devoted to fighting this epidemic. Wine symbolizes fortune in our society. Our goal is to give the fortunate population an opportunity to fight for those who can't fight for themselves. See [www.winetowater.org](http://www.winetowater.org) for more information.
